

T1/E1 Boards

HMP

XDS HMP PCI Express T1/E1 4-Span without Echo Cancellation.....	#267L017
XDS HMP PCI Express T1/E1 8-Span without Echo Cancellation.....	#267L016
XDS HMP PCI Express T1/E1 4-Span with Echo Cancellation.....	#267L011
XDS HMP PCI Express T1/E1 8-Span with Echo Cancellation.....	#267L009
XDS HMP PCI T1/E1 4-Span without Echo Cancellation	#266L029
XDS HMP PCI T1/E1 8-Span without Echo Cancellation	#266L023
XDS HMP PCI T1/E1 4-Span with Echo Cancellation	#266L019
XDS HMP PCI T1/E1 8-Span with Echo Cancellation.....	#266L016

H.100 PCI Express and H.100 PCI

XDS H.100 PCI Express 8-Span T1 Interface Board	#259L002
XDS H.100 PCI Express 8-Span E1 Interface Board	#259L014
XDS H.100 PCI 8-Span T1 Interface Board	#257L120
XDS H.100 PCI 8-Span E1 Interface Board	#257L122

Above four boards include voice record and playback, and music-on-hold

XDS H.100 PCI Express 4-Span T1 Interface Board	#259L005
XDS H.100 PCI Express 4-Span E1 Interface Board	#259L017
XDS H.100 PCI 4-Span T1 Interface Board	#257L119
XDS H.100 PCI 4-Span E1 Interface Board	#257L121

Above four boards include voice record, voice playback, conferencing, and music-on-hold

Line Interface Boards

HMP

XDS HMP PCI Express Modular Analog Line Interface Board with Echo Cancellation..	#267L006
XDS HMP PCI Modular Analog Line Interface Board with Echo Cancellation	#266L007

Modular Line Interface Boards can accommodate up to four optional 4-port modules, for a total of up to 16 ports.

Additional 4-Port FXO Line Interface Module	#266L011
Additional 4-Port FXS Line Interface Module	#266L009

XDS HMP PCI Express 4-Port 2/4-Wire E&M Board.....	#267L002
XDS HMP PCI 4-Port 2/4-Wire E&M Board	#266L002

continued...

Line Interface Boards, continued**H.100 PCI Express and H.100 PCI**

XDS H.100 PCI Express 24-Port High Density Station Board (with voice record and play) #259L031
 XDS H.100 PCI 24-Port High Density Station Board (with voice record and play)#257L026

XDS H.100 PCI Express 8-Port 2/4-Wire E&M Board (with voice record and play) #259L030
 XDS H.100 PCI 8-Port 2/4-Wire E&M Board (with voice record and play)#257L059

XDS H.100 PCI Express 24-Port High Density Loop Start (Trunk) Board.....#259L027
 XDS H.100 PCI 24-Port High Density Loop Start (Trunk) Board with Caller ID#257L062

Above two boards include Caller ID, Voice Record and Play

XDS H.100 PCI Express 12-Port Loop Start (Trunk) Board..... #259L026
 XDS H.100 PCI 12-Port Loop Start (Trunk) Board.....#257L070

Above two boards include Caller ID, Voice Record and Play

BRI Boards**H.100 PCI Express and H.100 PCI**

XDS H.100 PCI Express 16-Port BRI Board - S/T Interface (International-Euro ISDN) #259L034

XDS H.100 PCI 16-Port BRI Board - S/T Interface (NI-1, NI-2, X.25) #257L004

XDS H.100 PCI 16-Port BRI Board - S/T Interface (International-Euro ISDN)#257L018
 (Designed to connect to Alpha Telecom Breakout Boxes)

XDS H.100 PCI Express 4-Port BRI Board - S/T Interface (International-Euro ISDN)#259L037

XDS H.100 PCI 4-Port BRI Board - S/T Interface (NI-1, NI-2, X.25)..... #257L020

XDS H.100 PCI 4-Port BRI Board - S/T Interface (International-Euro ISDN)..... #257L022

Accessories, Cabling, PC OEM Components

Interconnect Cable (2 meter)..... #251D041

Modular Adapter RJ-11 Breakout#3529259

H.100 PCI BRI Cable 16-Ports on 2/RJ-21 #251L037

H.100 PCI Cable (4 connection).....#257L057

H.100 PCI Cable (6 connection).....#257L065

H.100 PCI Cable (8 connection).....#257L068

H.100 PCI Cable (10 connection).....#257L069

H.100 PCI Cable (15 connection).....#257L066

H.100 PCI Cable (16 connection).....#257L116

-48V Power Supply / 115V or 230V[†] input with North American power cord..... (for development).....#257L094

-48V Power Supply / 115V or 230V[†] input with UK power cord (for development).....#257L095

-48V Power Supply / 115V or 230V[†] input with European American power cord (for development).....#257L096

[†] Ring generation supported

-48V Power Supply / 115V or 230V[‡] input with North American power cord..... (for development).....#257L097

-48V Power Supply / 115V or 230V[‡] input with UK power cord (for development).....#257L098

-48V Power Supply / 115V or 230V[‡] input with European American power cord (for development).....#257L099

[‡] Ring generation NOT supported

-48V/115V or 230V input/175 Watt Power Supply #251L240

-48V Internal Power Cable Assembly.....#232L397

Manuals and Drivers — Board manuals and driver packages for all XDS products are available for download at xds.amtelco.com. AMTELCO has a wide selection of HMP and H.100 driver packages available. All driver packages are free to XDS board users. Consult AMTELCO for current driver package availability.

XDS Developer Kits — XDS Developer Kits are available for first-time buyers. If you're a first-time buyer, our technicians will work with you to develop a custom kit for your application. You will also receive a special one time introductory discount! Call for further details and special pricing information.

Custom Development — If you have a custom board project, or would like a modification to an existing XDS board or associated firmware, contact us. We will work with you to meet the objectives of your project.
